## HEADMASTER'S ADDRESS

In the development of a school, one encounters many milestones; for West Island College - Calgary, 1985-1986 is one of the most significant of these. Our first graduating class will leave the school after this academic year and will go forth to join its successful colleagues on the Montreal campus. To these six students I extend my warmest wishes for continued success and my sincere gratitude for the contributions they have made to the growth of our school - come back and visit us!

To the staff and undergraduates of the school I extend my heartfelt congratulations for a job well done and my thanks for their support and cooperation - it has been a great year!

The parents and their Board also deserve recognition for the excellence of their contributions - it has been a pleasure to have worked with Mr. Lyall and his colleagues.

Overall, 1985-86 will be a year I will long cherish - students, staff and parents have, it would seem, conspired to make my first year an absolute joy.

Thank you.

Board members: Mr. McCowan, Mrs. Stoffman, Mr. Campbell, Mrs. Fraser, Mr. Deyell, Mr. Lyall, Mr. Grant, Mrs. Felesky, Mrs. Belenkie, (Missing) Mr. Anderson, Mrs. Creery, Mr. Houde.

## CHAIRMAN'S ADDRESS

"What is accomplished in our classrooms today will be reflected in the successes or failures of civilization tomorrow."

This anonymous quote sums up the importance of schools such as West Island College in determining the future of today's complicated world.

On behalf of the Board of Governors, I extend my best wishes for continued success to our first graduating class. You are the pioneers for Calgary and undoubtedly will pave the way and set challenging examples for those who follow.

The student body has maintained the high standards expected at West Island with their individual achievements and awards. Our congratulations to everyone.

We thank the parents and members of West Island College for their commitment and cooperation through the year. Your involvement and support is key to continued development and improvement of our school.

My special thanks to my fellow board members for providing guidance and support through the year.

To the administration and staff, congratulations for providing a sound foundation and positive environment for a most successful 1986.

Clare Lyall,  
Chairman,  
Board of Governors

# YEARBOOK COMMITTEE

Each year, I have been awarded the honour of the title of Yearbook Editor. Unfortunately, with this title goes the responsibility of the job: chasing after fellow committee members, editing pages, being chased after by Mrs. Agg and Mrs. Volstad for the same reason, and formulating words to why these pages aren't completed.

Our yearbook committee has weathered many difficult circumstances and has produced an account of our year.

The student body sincerely appreciates the hard work of the yearbook committee. I would personally like to thank the committee, as well as my deputy editor Charmaine and our advisors, Mrs. Agg and Mme. Volstad.

*Jim Simmonds*

# STUDENTS' COUNCIL

For the 1985-1986 school year, the student body has been kept busy with many Students' Council activities. We have had dances, bake sales, hot dog days, airbands just to mention a few, all of which were very successful.

Extending a helping hand, we raised money at Christmas for the Food Bank and the Salvation Army. On a continuing basis, students have been visiting the Mayfair Nursing Home where a good time is had by all.

Our council this year is very dedicated and we have all worked hard together with fantastic results.

We would like this opportunity to thank the staff who contributed their own time at some activities and most importantly, the students of West Island College, Calgary. Every year, we get better, though I consider we are already fantastic! It's been a great year! Thanks W.I.C.

*C. Wright*

Student's Council President

# W.I.C.A.A.

This year 1985-86 has been one of great success because of everyone's co-operation and dedication.

There were various clubs such as 'Ski to Die', floor hockey, ballroom dancing etc. were very popular. The cooking club produced amazing aromas which caused everyone to drool in the aisles.

Other clubs such as badminton, debating society, computer, chess, book, archery, current events etc. drew a large number of participants. No matter how many clubs were organized, they all seemed to satisfy the students' need for participation.

Apart from the regular activities such as intramurals, we also had some exciting and interesting activities: tug-of-war, snow fights, sled race, air band contest, and a trip to the hot-spring. This variety allowed something for everyone.

Intramurals and interscholastic activities were a tremendous success. The junior boys and girls were outstanding in all the areas in which they participated. We wish all our promising athletes the best of luck.

This year, W.I.C.A.A. was even successful in organizing a sports league for the seniors in badminton and basketball. We were unable to arrange a floor hockey league, but the seniors still participate in some exhibition games.

I would like to thank each committee member, teachers, and staff, especially M. Painchaud, for their invaluable assistance and efforts. I feel extremely happy about the achievements of W.I.C.A.A. in 1985-86.

*Henry*

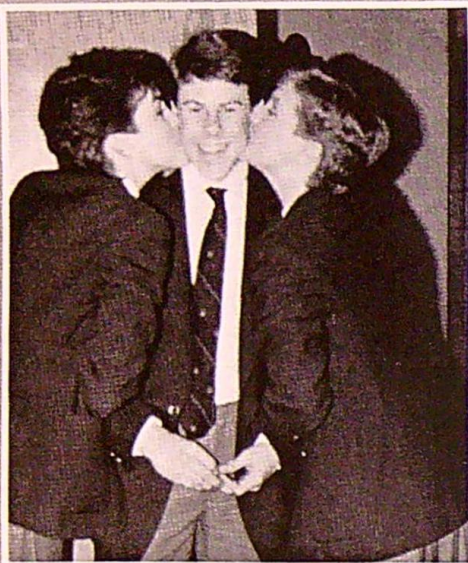

# PREFECT BOARD

As Headboy and Headgirl for 1985-1986, we feel our year was a successful and innovative one, in particular with the pioneering of the Calgary W.I.C. Prefect Board. Our eight member board attended numerous evening functions at the school which, we felt, achieved a good representation for the student population enrolled at West Island College.

We also implemented a disciplinary strike system under which uniform violations decreased and school pride increased. Although we gave out our share of "strikes", the student body was allowed revenge with a very wet sponge throw.

The January Leadership weekend proved to be informative and of great interest. We appreciate the responsibilities we were given for morning assembly, lunchroom supervision and tutoring as opportunities to grow and learn lifelong skills. A special thank you to Mr. Bedard, Mr. Blackhurst and Mr. Grant for their continued support making this a memorable year.

*C. Wright* *Steve*

Nous étions . . .

J'avais un ami,  
Il semble qu'il y a bien longtemps.  
C'était un bel automne,  
Les feuilles rouges flottaient et dansaient.  
Elles faisaient une mélodie suave quand elles se touchaient délicatement  
Mon coeur et mes esprits s'alimentaient d'un nouveau sentiment,  
Un sentiment revitalisé.

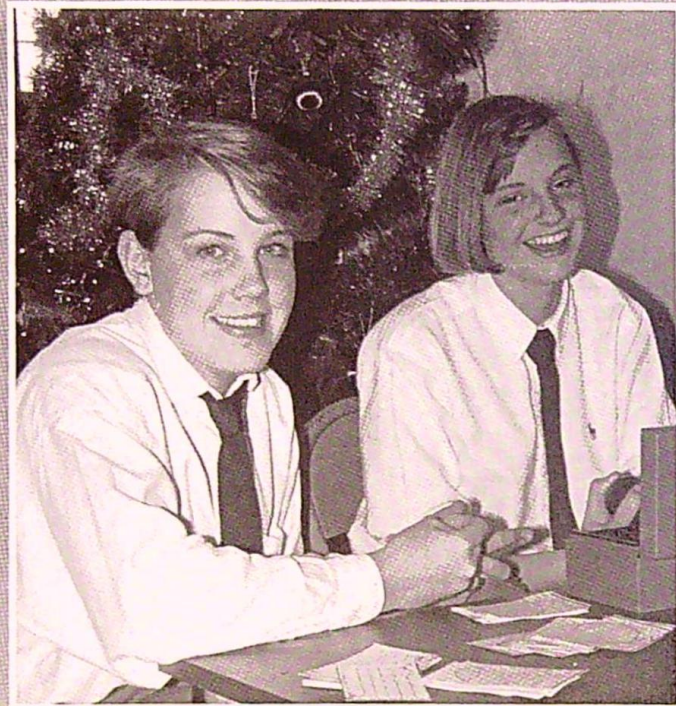

Nous étions seuls, lui et moi,  
Avec la nature,  
Tout était harmonie.  
Des amis, nous étions.

Nous étions, nous étions.  
Et nous sommes?  
Non.  
Plus maintenant.

Et mon ami, où est-il?  
Dans le passé, le passé de mon imagination,  
Il n'avait jamais existé.  
Pourquoi ne puis-je le rejoindre dans mes rêves?  
La vie serait beaucoup plus facile.

Mais pense, ma petite fille. Tu vis au présent, avec la réalité.  
Non au passé, dans les nuages.

## WINTER CLUBS WINTER CLUBS WINTER CLUBS

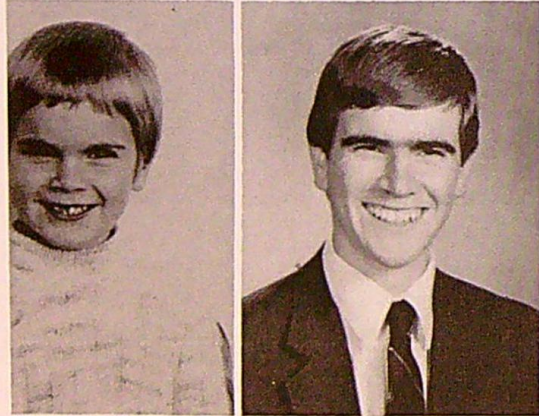

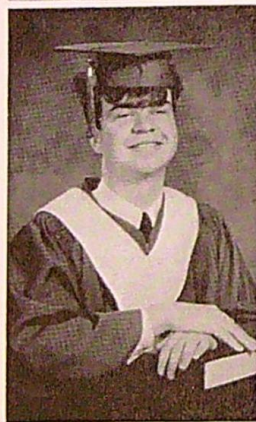

Michelle Beauchamp - In the future

Michelle will first wed Darren Adam. Soon after, we will finally hear the end of how great and gorgeous he is. Due to Michelle's devoutly Catholic beliefs, she will have twelve children. She will be the proud owner of a mini van and will shop at Safeway on Saturday mornings with her dog, Fefe. Unfortunately, Michelle gains 269 pounds and Darren divorces her. In order to survive, she then takes a job giggling professionally for second rate comedy television and singing at Club 17. By some act of fate, (or line by a food stand) Michelle meets Luciano Pavorotti and decides to "live in sin" with him. But next year, she will attend the University of Calgary. Good luck.

Clarke - In the future

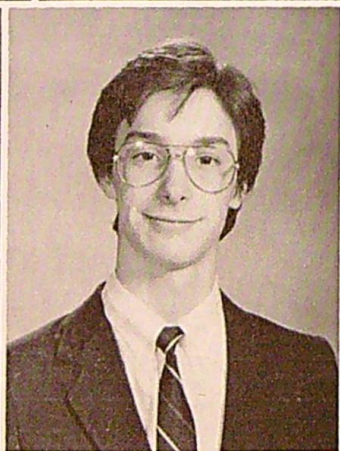

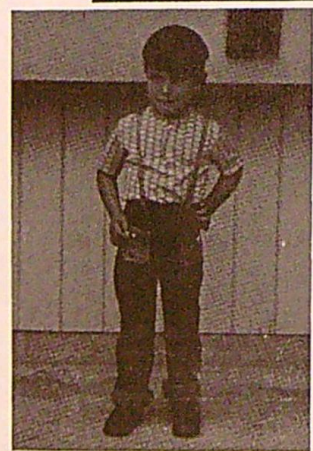

some terrible act of fate, Andrew forgets to plan / of his trip to England this summer to the exact and therefore goes through a personal crisis. As a Andrew decides to drop the "e" from his last name. ; a result of surviving this catastrophe, he becomes no and takes a job with Revenue Canada. Andrew s milieu as a tax collector and reposessor. He then Margaret Thatcher and becomes Queen h's lover. But seriously, we all love Andrew. He attending the University of Calgary next year. Good

WEST ISLAND COLLEGE

Clarke - In the future

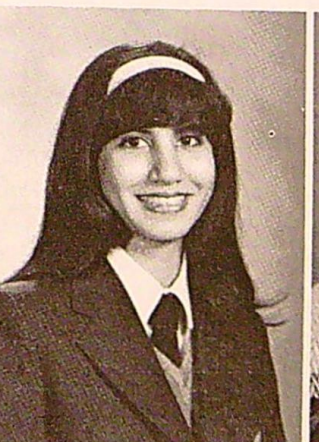

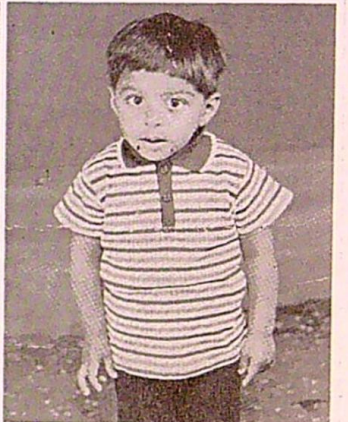

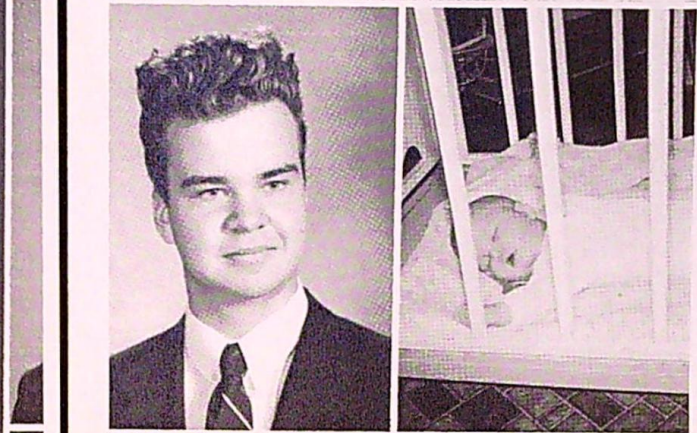

Clarke becomes the first Canadian graduate of the ah's School of Charm and takes a job with the Tourist Bureau as a guide to American tourists in It's obvious, though, that Don's really a softy. ll then become a communist rebel then a fascist d then a social democrat. But hey, at least he's not inded. Don's whereabouts next year is presently n: be it McGill, the University of British ia, the University of Alberta, or the University of . Good luck wherever you go.
